

**CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

GAIL REAVIS

AGE: 55

OCCUPATION: Councilmember

As a strong conservative woman, my votes, for the past four years, on the City Council show and prove that my values have endured. Opposing redevelopment abuse was one of my promises. I have kept my promises and will continue to do so in the future.

Voted for:

- Smaller Government and tighter spending
- More Police Officers on our streets
- Restoring the Four Corners "Holiday Theme"
- Saving the Recreation Centers
- Open Government and Televised Meetings
- Internet Filters on our Library Computers
- Megan's Law Computer
- Traffic Improvements

I support residents right to vote on multi-million dollar capital expenditures. These decisions affect our quality of life and financial stability for generations.

After promising in 2000 to keep regular office hours, it has now become common practice for Council Members. This past year as your Mayor, I have consistently been available for monthly "Coffee with the Mayor" chats.

As an active member of the community, I serve on the Saddleback College Foundation Board and the Mission Viejo Activities Committee and belong to many other groups including the Chamber of Commerce.

I support real term limits. As your consistent and available public servant, I ask that you please vote for Gail Reavis on November 2.

Thank You.
